COURSE DESCRIPTION

An intensive study of Hebrew syntax with application to the translation of selected portions of the Hebrew Bible and other Second Temple literature.

COURSE SEQUENCE IN CURRICULUM AND PREREQUISITE INFORMATION

Hebrew Reading and Syntax (HEBR 3311) may be taken after completion of HEBR 2322 (or with the instructor's permission). It is the third part of the basic program of study in Hebrew Grammar and Syntax. HEBR 3311 fulfills three hours of the Smith College Foreign Language requirement. It is recommended for students who complete HEBR 3311 to enroll in Hebrew Syntax and Reading courses in future terms to continue learning.

LEARNING RESOURCES

Course Text(s):

Supplementary Text(s):

Hebrew Tutor CD (PC only) by Parsons Technology.

Other Reference Materials:

RELATION TO THE PURPOSE STATEMENT OF THE UNIVERSITY

Consistent with the University’s goals and purpose, this course will:

- provide an educational atmosphere which promotes academic excellence and freedom of thought.
- enrich the moral and spiritual development of students.
- promote the development of critical thinking, compassion, and responsibility, (thereby preparing students for meaningful lives and work and for service to the Lord and the people of the world).
• encourage students to continue learning.
• foster intellectual and social interaction in the various teaching and learning processes.

RELATION TO COLLEGE GOALS AND PURPOSES

Consistent with the College of Arts and Humanities’ goals, this course will produce students who:
• demonstrate integrity, good professional character, and moral and ethical discernment.
• exhibit intellectual development, creativity, and scholarship in university studies.
• demonstrate aesthetic growth.

RELATION TO DEPARTMENTAL GOALS AND PURPOSES

Consistent with the goals of the School of Theology, this course will:
• enable students to gain an intelligent and meaningful acquaintance with the history, institutions, literature, and theology of the Old Testament peoples through their language.
• familiarize students with the basic methodology and tools used for the interpretation of the Old Testament.
• build a foundation in the classical theological disciplines, facilitate intellectual and spiritual growth, and equip individuals in skills essential to Christian ministry.

COURSE OBJECTIVES

Overview/ purpose of the course

The instructor will guide students toward achieving a basic grasp of the Classical Hebrew language. Students will be encouraged to continue their study of Hebrew through course work at HBU and on their own in the future.

Upon completion of this course, students should be able to demonstrate (through class work, quizzes, a written research paper, and written examinations) the ability to:

1. Understand basic Biblical Hebrew grammar and syntax.
2. Translate basic Hebrew phrases and sentences.
3. Parse Hebrew words and analyze the grammar and syntax of basic Hebrew sentences.
4. Demonstrate acquisition of basic Hebrew vocabulary.

Technology, writing, or oral objectives

To support competency in technology, students will be encouraged to review their Hebrew using personal computers and related technology. Furthermore, students will be required to utilize the Internet for important sites which teach Biblical Hebrew. To support writing and oral competency, students will write a paper analyzing a grammatical problem in Jonah and will present their findings to their colleagues in class.

TEACHING STRATEGIES

Language acquisition requires the accumulation of various vocabulary, grammar, and syntax skills. To assist the student in these tasks, the professor (and sometimes students!) will present aspects of Biblical Hebrew grammar and syntax during class, and students will practice these skills in class. The professor will also assign practice exercises on a regular basis to be done outside of class, and to be presented, corrected, and discussed by class members. In addition, the professor will assign vocabulary regularly to be utilized in translation. Occasional quizzes will facilitate the acquisition of new vocabulary words and grammatical concepts. Finally, in order to attain competence in reading Hebrew texts syntactically, students will engage in an inductive “lab journey” through passages in the book of Jonah to practice making decisions about syntactic analysis and semantic classification.

ASSESSMENT OF LEARNING

Course requirements

1. Students will take three major exams this term (2 midterms, 1 final) in which they will demonstrate their knowledge of grammar and syntax and their ability to translate Hebrew phrases and sentences. The dates for these examinations are given on the Topical Outline.

2. In addition to these major exams, students will demonstrate their knowledge of Biblical Hebrew vocabulary, grammar, and syntax during regular class participation and occasional quizzes. To determine the final grade, the instructor will drop the lowest class participation grade and quiz grade. These opportunities are designed to keep students involved in a regular program of study. (You cannot acquire a second language by “cramming” at the last minute; regular, systematic study is required!)

3. For the Grammar Review (G) and Syntax Overview (S) days, students will be assigned to lead a short 10-15 minute discussion on either Grammar (to review some aspect of 1st-year Hebrew) or Syntax (to preview significant syntax categories/usage to be explored in depth during the course of reading Jonah). Students must provide the class with a useful handout to keep as they follow the presentation. The handout + presentation will be assessed and will count as one quiz grade and one participation grade.

4. Students will research, write, and present to the class a paper addressing a grammatical problem from a passage of their choice from Jonah. The paper will consist of the following: (1) a title page, (2) the body, containing a statement of the grammatical problem and an attempt to understand or resolve it, and (3) a bibliography of sources consulted. The body of the paper will be at least eight pages and no more than 12 pages in length. The paper will be double-spaced with one-inch margins. Students will consult at least eight sources. Acceptable sources will deal primarily with Hebrew syntax and grammar. Historical and theological matters will not be emphasized unless directly related to the Hebrew text. You will include a line diagram of your passage. Pre-approved sources will be placed on reserve in Moody Library.
5. The final grade will be determined according to the following percentages:
   a. Completion of Summer Work 10%
   b. Midterm Exams (Average) 20%
   c. Final Exam 20%
   d. Daily Participation 15%
   e. Quiz Average 15%
   f. Paper and Presentation 20%

6. Students are encouraged to spend at least one hour per week practicing their Hebrew skills on a computer utilizing any of the following resources: the Van Pelt/Pratico textbook CD, the website http://www.animatedhebrew.com (keyed to the Ross textbook and containing vocab and parsing drills), Hebrew Tutor CD (and/or other software programs), and/or Internet resources such as teknia.com for Flashworks (see also hamoreh.org -> Resources -> Helpful Links -> Biblical Languages).

Grading standards

The grade scale for the Department of Christianity and Philosophy is: A (90-100), B (80-89), C (70-79), D (60-69), F (59 and below).

Student appraisal

The course and course content will be evaluated and reviewed at the preparation of each new syllabus. Comments from students completing the university evaluation will be taken into consideration.

CLASS POLICIES

Absence and Tardy Policies

Attendance in class is important and it is university policy that students must attend class and that faculty will require attendance with penalties for non-compliance. Please see the catalog currently in use for the university’s policy on classroom absences caused in the course of student representation of the university, such as athletics, chorale, and mock trial activities.

Apart from the absences caused when students represent the university, students might need to miss class and/or lab sessions from time to time due to illness or other reasons. Instructors will permit students to be absent from a maximum of three class meetings that are scheduled in this syllabus for MWF and for TTH courses during the Fall and Spring semesters. Upon the fourth absence, faculty will begin to penalize a student’s grade in the course as the professor deems appropriate. For summer session courses that meet throughout the week, instructors will permit students to be absent a maximum of 2 class meetings. For courses that meet once a week, whether regular semesters or in the summer, instructors will permit students to be absent a maximum of one or two class meetings (upon the discretion of the instructor) before penalties are applied. Students are advised to use the allowed absences for illnesses and significant events beyond their control. Regular attendance in class is important for student success.

Academic Honesty
Please refer to the current catalog for the university's policy and procedures regarding academic honesty. Note that the university utilizes "Turn-It-In" and other programs to investigate possible plagiarism activities. All major papers for this course will be submitted to the plagiarism prevention software, Turnitin.com on or before a paper's due date. No paper will be graded without meeting this requirement beforehand. A separate handout will be provided to give detailed instructions on this process which must include the class identification number and class password.

In accordance with FERPA, and to best protect the students' privacy, no personal identification (e.g., name, social security number, H number) should be uploaded with the text of student papers. However, Turnitin will ask for the student's name and e-mail address when setting up a personal account. This identifying information will be used by the professor to evaluate the student's paper and cannot be viewed by other faculty or students. To further increase confidentiality, the student may choose to use a pseudonym (false name) when setting up his or her personal Turnitin account.

If a pseudonym is used for Turnitin, the student must provide this identifier next to his/her typed name on the paper copy which is submitted to the professor. Five (5) points will be deducted if the professor is unable to easily match the paper copy to the Turnitin submission of the student's paper.

Children in Classroom

In almost all instances, children are not allowed in the classroom nor are they allowed to be on campus unattended. Class sessions are for enrolled students only unless other arrangements are approved by the instructor in advance.

Classroom Behavior Expectations

The classroom environment is to be conducive to learning and is under the authority of the instructor. In order to assure that all students have the opportunity to gain from the time spent in class, students are expected to demonstrate civil behavior in the classroom and show appropriate respect for the instructor and other students. Inappropriate behavior toward the instructor, in or out of the classroom, may result in a directive to the offending student to leave the classroom or the course entirely.

Classroom behaviors that disturb the teaching-learning experiences include the following behaviors: activated cellular phone or other device, demands for special treatment, frequent episodes of leaving and then returning to the class, excessive tardiness, leaving class early, making offensive remarks or disrespectful comments or gestures to the instructor or other students, missing deadlines, prolonged chattering, sleeping, arriving late to class, dominating discussions, shuffling backpacks or notebooks, disruption of group work, and overt inattentiveness. It is at the discretion of the instructor as to whether laptops will be allowed for use in the classroom.

Early Alert

As an instructor, I am committed to your success, not only in this class, but in all aspects of HBU life. To ensure that every student takes full advantage of the educational and learning opportunities, HBU has implemented an Academic Early Alert Referral System (EARS). If I think you would benefit from some of these special programs or services available to you, I will make the appropriate referral. You, in turn, will be expected to take advantage of the help offered to you.
Email Policy

All university and class email communication will be sent to your HBU email account. You are responsible for checking this frequently. If you choose, you may reroute your HBU email to another email address. Your emails should be in a professional format with correct spelling, capitalization, and grammar.

Grievance Procedures

The Academic Grievance Policy may be found in the catalog currently in use, in the Academic section of the HBU Forms section of the HBU Portal, and on the Registrar’s page on the HBU Website.

Late Work

Late work will only be allowed with the permission of the professor.

Learning Disabilities/Academic Accommodations

Houston Baptist University complies with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 regarding students with disabilities. Any student who needs learning accommodations should inform the professor immediately at the beginning of the semester that he/she will be requesting accommodations. In order to request and establish academic accommodations, the student should contact the Coordinator for Learning Disability Services (Alison Childers) at 281-649-3274, Hinton Bldg #101, to schedule an appointment to discuss and request academic accommodation services. Academic Accommodations must be applied for and written each semester. If academic accommodations are approved, a Letter of Accommodations will then be sent to the professor(s).

Missed Tests

Make-up tests for exams will be given in the event of illness, death in the immediate family, official participation in events representing the university or with prior permission from the professor. The make-up exam period will be posted by the Christianity department. The make-up exams will be given in Atwood 2, and the student must present an I.D. card to take the test.
